HEE Quality Framework 2017-18
Quality Standards
Standards of Quality

1. **Learning Environment and Culture**

1.1. Learners are in an environment that delivers safe, effective, compassionate care that provides a positive experience for service users.

1.2. The learning environment is one in which education and training is valued and learners are treated fairly, with dignity and respect, and are not subject to negative attitudes or behaviours.

1.3. There are opportunities for learners to be involved in activities that facilitate quality improvement (QI), improving evidence based practice (EBP) and research and innovation (R&I).

1.4. There are opportunities to learn constructively from the experience and outcomes of service users, whether positive or negative.

1.5. The learning environment provides suitable educational facilities for both learners and educators, including space, IT facilities and access to quality assured library and knowledge.

1.6. The learning environment promotes inter-professional learning opportunities.

2. **Educational Governance and Leadership**

2.1. The educational governance arrangements measure performance against the quality standards and actively respond when standards are not being met.

2.2. The educational leadership uses the educational governance arrangements to continuously improve the quality of education and training.

2.3. The educational governance structures promote team-working and a multi-professional approach to education and training where appropriate, through multi-professional educational leadership.

2.4. Education and training opportunities are based on principles of equality and diversity.

2.5. There are processes in place to inform the appropriate stakeholders when performance issues with learners are identified or learners are involved in patient safety incidents.

3. **Supporting and Empowering Learners**

3.1. Learners receive educational and pastoral support to be able to demonstrate what is expected in their curriculum or professional standards to achieve the learning outcomes required.

3.2. Learners are supported to complete appropriate summative and formative assessments to evidence that they are meeting their curriculum, professional standards or learning outcomes.

3.3. Learners feel they are valued members of the healthcare team within which they are placed.

3.4. Learners receive an appropriate and timely induction into the learning environment.

3.5. Learners understand their role and the context of their placement in relation to care pathways and patient journeys.

4. **Supporting and Empowering Educators**

4.1. Those undertaking formal education and training roles are appropriately trained as defined by the relevant regulator or professional body.

4.2. Educators are familiar with the curricula of the learners they are educating.

4.3. Educator performance is assessed through appraisals or other appropriate mechanisms, with constructive feedback and support provided for role development and progression.

4.4. Formally recognised educators are appropriately supported to undertake their roles.

5. **Delivering Curricula and Assessments**

5.1. The planning and delivery of curricula, assessments and programmes enable learners to meet the learning outcomes required by their curriculum or required professional standards.

5.2. Placement providers shape the delivery of curricula, assessments and programmes to ensure the content is responsive to changes in treatments, technologies and care delivery models.

5.3. Providers proactively engage patients, service users and learners in the development and delivery of education and training to embed the ethos of patient partnership within the learning environment.

6. **Developing a Sustainable Workforce**

6.1. Placement providers work with other organisations to mitigate avoidable learner attrition from programmes.

6.2. There are opportunities for learners to receive appropriate careers advice from colleagues within the learning environment, including understanding other roles and career pathway opportunities.

6.3. The organisation engages in local workforce planning to ensure it supports the development of learners who have the skills, knowledge and behaviours to meet the changing needs of patients and service.

6.4. Transition from a healthcare education programme to employment is underpinned by a clear process of support developed and delivered in partnership with the learner.
